NEW!

WONDERLAND TO ADD MOST RIDES IN ITS HISTORY FOR 2001 SEASON

VAUGHAN, Ontario (April 1st, 2001) - Paramount Canada's Wonderland makes the largest ride installation in its history for 2001, with five new rides including the world's greatest spinning ride - Shockwave™ and the new high-flying kid's coaster - Silver Streak™. At Zoom Zone™, an all new themed area, families will find thrills for all ages, including Silver Streak™, the feature attraction, plus two other exciting rides for families - Jumpin' Jet and Blast Off. Stan Lee's 7th Portal™, a new 3-D ride simulator adventure at the Action F/X Theatre, rounds out Wonderland's 2001 roster.

Get set for the sensation of flying as Shockwave™'s twisted force and spinning power, boosts riders 70 feet in the air, while rotating and looping 360 degrees! With immense speed and immense force, Shockwave™ will leave thrill seekers awed by its arsenal of tangled tricks.

Then, catch planes, trains and rocket ships in Zoom Zone™, the ultimate transportation station. Zoom Zone™'s feature attraction, Silver Streak™, is the world's largest and only children's inverted coaster with a helix. Young thrill seekers will dive, wind and swoop through its suspended, zigzagged track. Take to the stars on two other new attractions in Zoom Zone™ - Jumpin' Jet and Blast Off. Jumpin' Jet flies young riders through tickling, looping spins and on Blast Off kids will launch into the sky on a rocket ship!

In Stan Lee's 7th Portal™, riders will be a part of the hottest webstrip to hit the net. From Stan Lee, the legendary co-creator of Spider-Man, X-Men and the Incredible Hulk, comes an all-new action adventure 3-D ride simulator in the Action F/X Theatre. Log on and hang on!

Paramount Canada's Wonderland is operated by Paramount Parks. Paramount Parks is a unit of Viacom.

Viacom is the No. 1 vehicle in the world for advertisers, with preeminent positions in broadcast and cable television, radio, outdoor advertising and online.
